EXPERIENCE

BRIGHT FUTURE GMBH., Cologne, NRW, Germany

Game Developer, April 2020 – Present

- Developed and maintained the massively multiplayer browser game *Rail Nation*
- Created tools to reduce the time taken to create item sales and integrate content for new features
- Assisted in the game's migration from ActionScript 3 to Haxe to maintain efficacy in the browser

DALLMEIER GMBH., Regensburg, BY, Germany

Flex Developer, May 2018 – April 2020

- Created interactive modules to display and visualize camera, VIP, and sale data in a user-friendly dashboard according to client needs
- Implemented a UI that allows clients to back up their recorded data securely to physical media
- Standardized color references across the codebase, allowing for a dark/light mode to be implemented

PAUL BERNHARD EXHIBIT DESIGN AND CONSULTING, Houston, TX, United States

Interactive Developer, September 2015 – May 2018

- Designed and developed of touch screen Adobe Air applications and media kiosks and deployed them in the Wiess Energy Hall of the Houston Museum of Natural Science
- Developed interactive visualizations for data from a wide variety of formats and sources related to the energy sector
- Created moodboards and storyboards and collaborated with museum curators to come up with application mockups
